

Name of App	Description	Cost	Star Rating (1*- 5*)	Comments
Splingo's Language Universe	A language game based on understanding instructions	£2.99	4*	You can enter how many ICW you want in an instruction, and whether you want it to include nouns/verbs/prepositions/adjectives. It's a very useful app, and children find it very motivating.
Colourful Semantics	An app which is based on the principle of Colourful Semantics created by the London Speech Practice.	£14.99	4*	This app is based on the principle of Colourful Semantics. A picture is presented to the student, and they then have to use symbols to create a sentence about the pictures. You can adjust how much information is needed in the sentences (e.g. SV, SVO etc.)
Pogg	This app is for developing understanding of verbs by using videos of an alien acting them out	49p	4*	This is a fun app which is motivating for students to use. They point to a verb and the alien will act them out in a silly way. There is also a way for the student to say what you want the alien to do and it will act it out – there are roughly 40 verbs.
Talking Gina/Talking Tom/Talking Angela	Speak to the animal and it repeats back what you have said in a high pitched voice.	Free	3*	This is good for students who are reluctant to speak, or who want to hear themselves speak, or if you want to encourage students to make noises with their mouths that they can hear repeated.
Super Duper Story Maker – Free	An app which you can use to create stories using photos or pictures.	Free		
Special Words	Based on Downs Ed. "See and Learn" programme.	£19.99	4*	Uses sight word recognition for photographs of objects – pictures of frequently used words for early vocabulary (and you can also take photographs of objects to make it more personal to the student).
Scene and Heard	AAC app by therapy box, which uses pictures, recorded audio and imported photographs to develop vocabulary use.	£39.99		
Things That go Together	Vocabulary Builder	99p		
One Step Two Step	Understanding a following directions.	£2.99		This helps children to listen to and follow instructions in a fun and interactive way.
Heads Up	A description game	99p	4*	This app is a fun game to play in a group – One person holds the phone/tablet up, and the others have to describe the word that is being held up. If the person guessing gets it right, then they can move on and try and guess as many as they can within a minute.
Talking Mats		Free		
Pictello	This can be used to make Social Stories, share news, make a visual schedule etc. by taking and using photographs.	£18.99
