Introduction	Adding the suffix 'ful' can convert nouns or verbs in to adjectives. What words can children think of that end with ful? What do they think adding the suffix 'ful' means? (It can be explained as meaning 'full of with', e.g. beautiful – full of beauty, thankful – full of thanks.)
Main Teaching Activity	Use the power point slide and ask children to remove the suffix 'ful' from the spelling list words to find the root word. Some of them can simply have the suffix removed to be complete, while others need to have the 'i' removed and replaced with a 'y'. Can they think of any more words ending with the suffix 'ful'?
Independent Activity	Show children the power point slide and use a dice generator or real die to complete the task in pairs or table groups. Share the results as a class.

produce	Explain to the children that there are words that can be used as both verbs and nouns. Often they are pronounced the same way but sometimes they are pronounced slightly differently (e.g. produce and produce).	Talk about some of the words in the spelling list and see if the children can work out how they can be both a noun and a verb. Complete a few together by putting them in a sample sentence. e.g. Spain produces 100 tonnes of grapes each year. The produce is of a very high standard.	Ask the children to continue with the teaching activity and work in pairs to create a sentence for both meaning of each spelling. Tell children to ensure they spell the words correctly! Introduction

Today the children will look at more words with a /shuhl/ ending but this time the spelling will be 'tial' and the rule is that this spelling occurs when there is a consonant before the /shuhl/ sound.

Main Teaching Activity

When a root word ends with 'ce' then the 'ce' is removed and 'tial' added to create the /shuhl/ ending.

Get the children to look at the power point slide and add 'tial' to the root words by following the above rule.

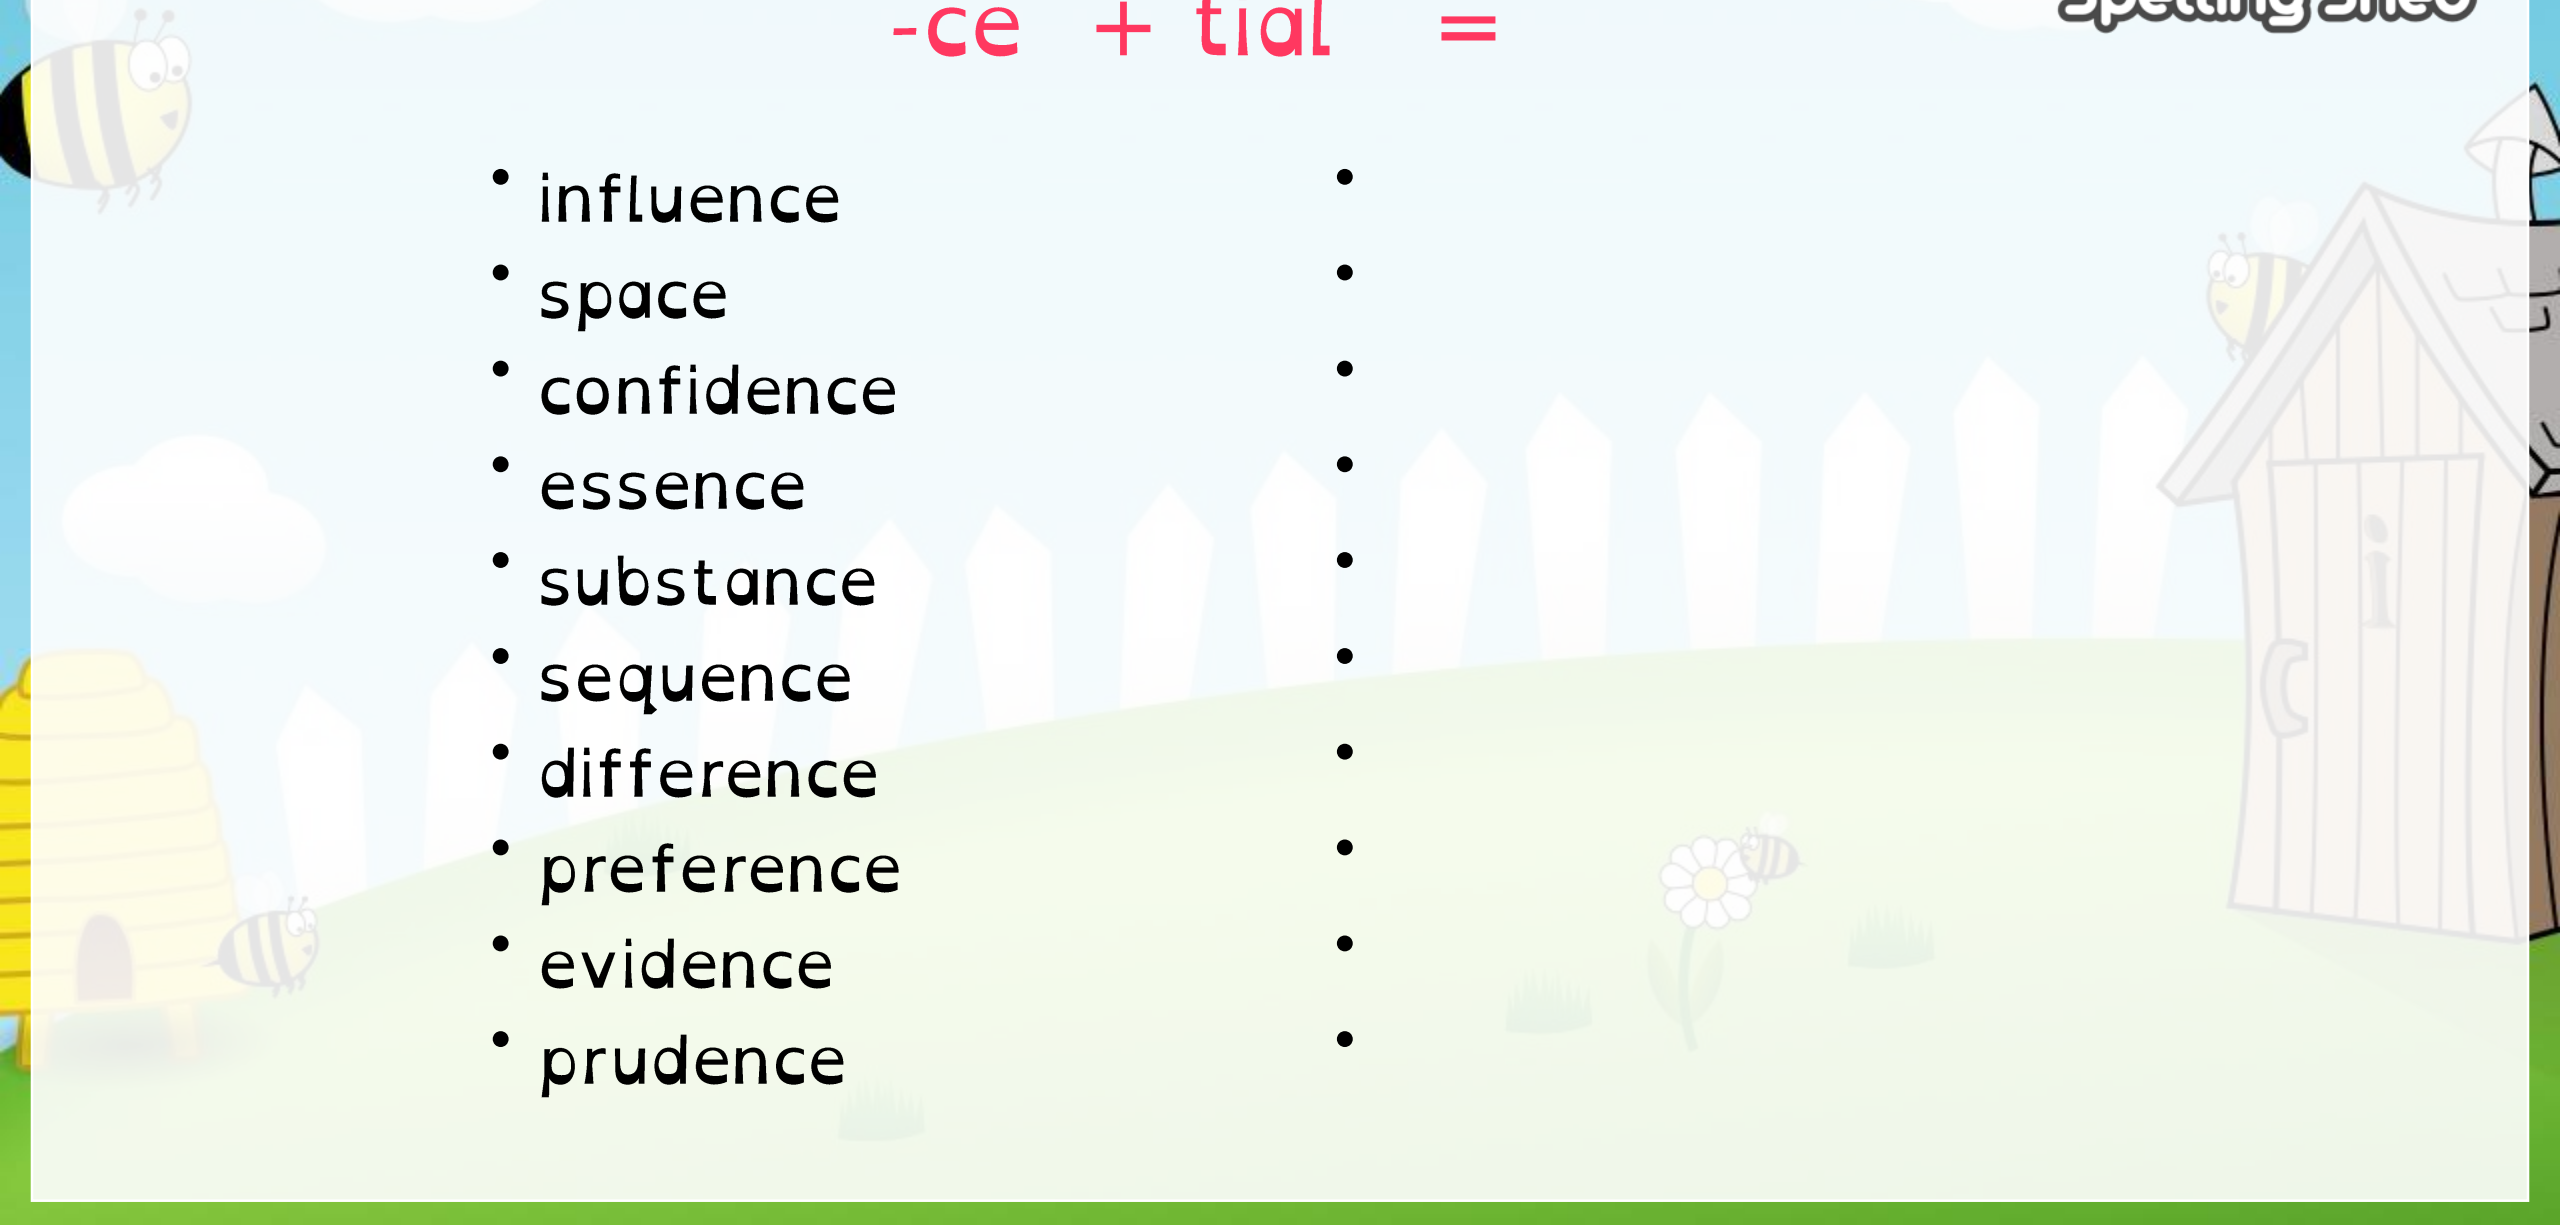

Independent Activity

Get children to pick 5 of their spelling list words and look up a definition for each one. Write the word and its definition on a post it note and, if possible, stick all of the post it notes on a door, window or wall. See if children can use any of their spelling words in their work (or conversations) during the rest of day!

Add the /shuhl/ sound to each root word by following the rule below:

-ce + tial =

- influence •
- space •
- confidence •
- essence •
- substance •
- sequence •
- difference •
- preference •
- evidence •
- prudence •

Introduction

Today children will look at more words relating to grammar. Ask them if they can think of any words that are 'grammar' words.

Main Teaching Activity

Get the children to look at the word list and see if they can write a synonym or a simple sentence using each one. E.g. a sentence where they circle the object.

Share the synonyms and definitions and address any misconceptions.

Independent Activity

Get children to work in small groups, one child picks one of the spelling list words and writes the first letter on a mini whiteboard, then passes the board to their left, the next child writes the next letter of the word and so on until the word is complete.

The child that writes the final letter checks the spelling is correct and then picks another word from the board to start again.
